

Personal Web Page

We are working on the HAS website and would like to know who is interested in having a page of their own.

This would enable your family, friends and prospective customers to see your recent works, and the link can be included on your business cards.

Your page would include your name, contact details, a short bio and good quality photos of your work. At this stage there is no cost involved.

If you are interested, please contact us by emailing horoaarts@gmail.com. We will then send you a form to complete (or you can collect one from the studio).
